Stampede Arrange to Assist Maimed Soldiers, Widows and Orphans

Norman S. Rankin, who has lived on the Isthmus of Panama for six or seven years and visited the great Panama Exposition five times during the past six months, by invitation of the Gleichen Stampede has consented to give a descriptive lecture on the Panama Canal and the Exposition, which he will illustrate with 100 natural colored slides, in the Gleichen Opera House on Friday evening, July 16, at 8:30.

The proceeds of this entertainment will be entirely devoted to the same cause as the Stampede was put on for, namely the maimed soldiers, their widows and orphans.

Mr. Rankin is most generously giving his services gratis for the cause and as the several entertainments he has already given in other towns are pronounced to be of a very high order Gleichen is fortunate in having this opportunity.

Besides the description of the world's most wonderful and greatest canal the pictures of the Canadian Government buildings and exhibits will be shown in a way that all will most thoroughly appreciate.

The admission will be only 25c. for adults and 15c. for children. It is particularly requested that parents will keep their children close by them and see that the entertainment is not disturbed.

Brther Died of Wounds

Saturday last Mr. J. Cameron, manager of the Bank of Commerce, received a cable from France stating that his brother, Harold, had died in the No. 3 British hospital of his wounds. As nearly as Mr. Cameron could judge his death occurred about June 23rd or 24th. His brother enlisted with the Saskatchewan Light Horse but was drafted into the infantry afterwards. Mr. Cameron had previously received a letter from another brother, who is a doctor in England, and who on hearing of the wounded brother left at once to visit him. In the letter the doctor speaks most highly of the British hospitals and says that the British hospitals are the wonder of France and that the sick and wounded soldiers of Britain are the best attended men in Europe. Everything that kindness, skill and attention can do is given them.

Mr. Cameron is anxiously waiting to receive further particulars from his mother in Scotland. The CALL joins with all his numerous friends in extending deepest sympathy to Mr. Cameron.

Tuesday night Chris Bartsch shipped two carloads of exceptionally fine steers to Dawson. One car of these he purchased from F. A. McHugh & Sons the other being the property of his company, the Pacific Cold Storage. It is said this shipment goes to the Pacific coast from whence the company's ships will make up a full load for Dawson.

Queenstown Farmers Big Picnic Success

The farmers picnic on July 1st was a great success as usual. About 400 people took part in it. As it had rained 27 days in June and as it rained the day and night before the picnic, things did not look very bright to the committee. But on the morning of the picnic the clouds cleared away and the sun came out fine. By 10 a.m. the roads and grounds were dry and the wind blowing just enough to keep the mosquitoes away. The picnic committee had erected a good size dance platform well covered and also secured several tents so it looked like a small town. Racing and baseball games were the principal attractions in the afternoon while dancing began about 5 p.m. and lasted until midnight.

In the boys race 16 or under, 50 yards, Loughran took 1st and Frances 2nd prize.

Free for all 100 yards, A. Vinge, 1st.

Girls race, 50 yards, C. Vinge, 1st.

High jump, Carl Stumff 1st, E. Mills 2nd.

Fat man's race 190 pounds or over, Kingsmith 1st, P. Stumff 2nd.

Tug-of-war, 10 men on each side, between East and west side of the Lake, West won.

Pony race, quarter mile, Loughran 1st, Taggart 2nd.

Three legged race, Goven 1st, Loughran 2nd.

Broad jump, C. Stumff 1st, F. Beggs.

Free for all horse race, Meyers 1st, D. Sims 2nd.

Queenstown has been moved about four hours nearer to Gleichen. That is for those who sport a motor car. The rest of us, in the meantime are jogging along in the same old way singing 'It's a long way to—'

Mrs. Benj. Hall has the best flower garden in Queenstown.

The Farmers Union meets in the Pioneer School Saturday evening, July 10th at 8 p.m.

The rainy season which lasted all through the month of June, appears to be letting up some. What we need now is warm weather and there will surely be some bumper crops.

I would not run the risk of making anybody sore by telling who has the best crop. In fact there are a good many fields of splendid looking crops and very few poor ones.

A. Saunders has taken his family on a visit to Red Deer. Trying out his new motor car.

Three More Gleichen Boys off to the Front

George Confort, George Dally and Mosey Lee Left Wednesday

George Confort, Mosey Lee and George Dally, three of our local volunteers, left Calgary on Wednesday night of last week for the front along with a draft of 250 men of the 56th. There was much disappointment that these boys were sent over the C.N.R. Many Gleichen friends stayed up late that night hoping the boys would come this way and give all one more opportunity of seeing them and saying farewell.

Miss McHugh of Calgary is a visitor the Misses Gooderhams.

Would it hurt your business if the \$12,000,000 spent in liquor were spent in food, clothing and shelter?

C. R. Mitchell returned a week ago from the Frisco Exposition and reports having had the best time of his life.

Dominion Day past most quietly in Gleichen most of the denizens attending either the Standard or Bassano sports, while others took in the Calgary exhibition and the Odd-fellows picnic.

Namaka Notes

(Our own correspondent)

The Oddfellows picnic at Apple-creek on the Bow River on July 1st was a great success. The drive across the Indian reserve was most enjoyable. The committee took the precaution of placing flags at the trail crossings, guided by these the vehicles wended their way to the rendezvous. The bulk of the visitors had arrived soon after noon. After lunch a baseball game was put on between married and single men with disastrous results for the married men. The party broke up about 6 o'clock many of them driving back to Namaka to join in the dance at the I. O. O. F. hall.

A large number of Namaka residents are taking in the Calgary Fair this week and all report favorably on the exhibition.

town farmers. Some had to go to Vulcan while others went to Bassano.

Miss Nellie Munroe is staying at home for the summer, she will probably return to school at Calgary again this fall.

Lorents Irvine, who bought some fruit land near Menatche, Wash., three years ago and has been living there since has bought Wm. Smith's homestead adjoining his own. Irvine is coming back here to farm again next fall. No place like Alberta.

Hon. C. R. Mitchell, the representative for the provincial riding of Bow River, was out here two weeks ago and held meetings at the Pioneer and Liberty schools. He promised to have the bottomless trail between the river and Cluny fixed up before grain hauling begins.

Has anybody here seen Kell...y?

Miss Mable Long is home at present.

Mr. Jordan from Virginia, U.S., is home visiting his family.

Congratulations to Mr and Mrs C. A. Hellevang. It's a big girl, 14 lbs. O! you Chris.

Glad to see that Geo. Duffie, the rider who was knocked unconscious during the recent storm is around again.

The proprietor of the brewery is still making friends for himself—I don't think. The old adage still holds true, "If ignorance is bliss 'tis folly to be wise."

Going to the dip and the round up seems to be keeping cattle men very busy. They expect to have the first dip completed this week.

Hon. C. R. Mitchell, Provincial Treasurer and representative for Bow Valley District in the Provincial Legislature, addressed the electors here in Liberty school house on Tuesday evening of last week. He dealt with matters affecting the district from a provincial standpoint and promised his support in the interests of the district besides what he has already accomplished.

Dominion day passed off quietly here. It being ideal weather most of the population seemed to enjoy the day. Some of the people took in the sports at Bassano, others went to the Calgary Exhibition while the majority went to Farmers picnic at Lake McGregor. Among those who went to Calgary were A. Godkin and son, Earl, Mr and Mrs John L. Ash and A. Dietz. All seemed to have enjoyed themselves.

A traveller seems to have enjoyed the following ditty:

There was three crows sat on a tree
And they were black, as black could be
And they all flapped their wings and
cried: "Caw, caw, caw."

The first was busy driving wells
The second was making munition
shells
While the third gave three vociferous
yells
"Caw, caw, caw."
—Kipling.

J. Errierson, who had his leg broken during the Stampede, left Monday for his home at Munson and said he was feeling pretty good although his leg was somewhat painful at times. It appears that the CALL was in error in reporting his accident, the reporter being absent at the time. Errierson rode in the bucking contest on the first day, which entitled him for the finals, but in riding in the wild horse race his horse collided with another, which resulted in the accident. He got L. Manrigniz to ride for him, resulting in the winning of second money, amounting to \$150, which they divided. The cowboys not only express the opinion of Errierson as being a man that it is next to impossible for any horse to pile, but backed it up by handing him a well filled purse as a token of their friendship and appreciation of a boy in hard luck.

Standard v.s. Gleichen Baseball

At the Dominion Day sports held at Standard there was much disappointment in that the Strathmore team failed to show up to take part in the baseball tournament advertised. However, Standard and Gleichen were game enough to make up for the Strathmoreites, who it must be assumed were leary of their opponents ability and deemed it wise to remain at home rather than face defeat.

It was witnessed by hundreds of Standard people and visitors, as well as a large number of fans from Gleichen who followed the team northward to glory.

A very fast game of baseball was witnessed. In the first inning the Gleichen team scored two runs and the Standard boys returned it by scoring one. From this to the first of the seventh innings it was most exciting and there was certainly some fine rooting by the Gleichen fans, making the Standard boys do their best to win, and at the same time encouraging the visitors to do their utmost to keep in the lead.

In the first of the seventh innings the Gleichen boys got both sails to the wind and scored four runs. This left the score 6 to 1, which try as they might, Standard could not disfigure.

The umpire was without doubt fair in every respect and umpired the game according to the rules, which the Standard fans were not fully acquainted with—good sports as they are.

All must admire the Standard boys and will doubtless give them a good time when they play a return match here. —FAN.

Mr and Mrs Beach have arrived from Amherstberg, Ontario, on a visit to their son, T. H. Beach

We all cannot take in the Panama Exposition but we can get a fair idea of it on Friday, July 16.

Suggestions for the hot weather. Lisle and silk hose, open neck shirts, Panama hats, Oxford shoes. Call at the Hicks Trading Co.

Be a sport for once and show your best at the Gleichen fair. All can't win, but all can help make it a success. Are you a good looser.

James Cameron in a letter received last week from Andy Tennant has the information that he has been sent to Shorncliffe prior to being moved to France.

John Koefoed stepped on a nail on Wednesday of last week and blood poison set in with the result that he has since undergone two surgical operation in the Calgary hospital, and yesterday his family was sent for as it was feared he would not recover. Later—Word has been received that he has taken a change for the better

Standard and Craigantler

The weather man was most generous on Dominion Day and all of the big crowd at the Standard sports thoroughly enjoyed themselves. The program was well carried out and the dance at night a great success. But it is not necessary for your humble correspondent to dwell on this as undoubtedly the enterprising committee in charge have already taken advantage of your ever courteous treatment of all things pertaining to Standard's best interests and supplied the CALL with a full report and a list of the prize winners.

Our local post master has changed his colors; we wonder on what account. We wish him, his partner and the son and heir much success.

Some of the milk cows in the Craigantler district were half way to Standard the morning after the dance. A 12-quart pail would hardly have done justice to some of them.

J. B. Johannsen has returned after a winter's sojourn in the south. We are all glad to have him with us again. He is highly pleased with the look of the crops generally, but thinks we are ahead of a number of districts in Alberta.

The sound of the mower is general. Each farmer is trying to outdo his neighbor. They all learned something last winter.

Peter Beck, manager of the Applegate ranch, has secured the services of a married couple for the summer. The wedding bells are just as far off. Get busy Peter.

We expect a big crowd in Standard on July 8th to see the live stock and hear the lecturers of some of the best agriculturists in the province.

Mrs. H. H. Shaw is around the district in the interests of prohibition.

LOCAL and GENERAL

Quite a number of farmers are now busy cutting alfalfa.

Keep Kool! Wear Balbriggan underwear, to be had at the Hicks Trading Co.

The next big Gleichen event will be held August 19th and 20th—the Exhibition.

Mrs. Jas. Young and children left one day last week for Vancouver, B.C., where they will remain for about a month.

A card received by friends from Mrs. Ward states that Capt. Ward is now at Southampton and has not yet fully recovered from his wounds.

Mr. and Mrs. J. A. Ramsay and Master Levitt left on Friday to attend the Frisco Exposition. They expect to be away three or four weeks.

While riding his horse at Queens-town T. M. Wallace was kicked on the thigh by another horse he was leading and received some painful injuries. He was in town on Monday and although he evidently still suffering somewhat was able to do considerable business.

OIL COMMISSION IS APPOINTED

For sometime past the Department of the Attorney General has been making a general investigation into the affairs and methods of several oil companies. This investigation has brought sufficient irregularities to the surface to justify the government in appointing a commission to make a full and complete enquiry into these matters, under the act respecting Enquiries into Public Matters. As a consequence Judge Carpenter of the District Court has been appointed a commissioner under that act with power to enquire into and concerning the promotion, incorporation and management and operation of the various companies and stock exchanges in the province, including the management, investment of funds, nature of properties or claims held, the manner and cost of sale or disposal of stock and other allied questions.

Frank Ford, K.C., of Edmonton has been appointed by the government as advisory counsel to the commission, an appointment, which in itself, should be sufficient guarantee of the government's desire to make the enquiry thorough.

We understand it is the wish of the government that all assistance be given by the public and to that end and so that we may be able to purge this valuable industry from wrong doing and improper manipulation, we are authorized to say that the Attorney General will be glad to receive any and all information that will assist him and further the objects of the commission. All such information should be sent direct to the Attorney General's department. The commission will meet in Calgary on July 13th and at Edmonton at a later date to be announced.

Now, don't you think you really have something better than some other fellow. Just let the judges at the Gleichen exhibition decide the point.

Mrs. Fred Finnigan, daughter-in-law of Mr. and Mrs. John Finnigan returned to her home at Hutter on Monday after spending some days visiting her Gleichen relatives.

On Dominion day the Gleichen, Namaka and Strathmore Oddfellows met on the banks of the Bow River at a point north of Namaka and spent a most enjoyable day picnicking. All report having had a very pleasant time and only regret that none of their brothers and friends did not join with them.

GIVES SOUND ADVICE ON PRICE QUESTION

Manufacturers' Organ Give Warning
—No Price Increases Except For Good Reason

"Industrial Canada," the official organ of the Canadian Manufacturers' Association, recently contained a strong editorial on the increase of manufacturers' prices, which has come to certain industries as a result of the war revenue duties. The editorial is in part as follows: "If the manufacturers of Canada make a general advance in the price of their goods with the deliberate intention of altering the whole of the present 7% per cent. tariff increase, they will formulate a policy which will result disastrously upon themselves."

Such a course is certain to arouse hostility among those consumers who were of the opinion that the tariff was too high before the increase was made; and it will chill the warmth with which the remaining consumers have supported the policy of protection.

Raising prices up to the new limit will operate directly against the "Made-in-Canada" campaign. The 7% per cent. tariff increase gives the Canadian manufacturer an advantage over foreign competition. If he raises the price of his article 7% per cent. he immediately loses that advantage. Consequently, the "Made-in-Canada" article which might be sold, is the same article of being raised by the foreign article which is in before the tariff increase was made.

Now is the time, under the shelter of slightly increased protection, to buy the goods of other Canadian goods in preference to foreign goods.

Raising prices tends to eliminate the value of the buying power of Canadians at present is restricted and every addition to the selling price of goods makes it more difficult for consumers to buy them. On the contrary, lower prices will allow a greater volume of sales will diminish the consumer's hardship, will give more employment to workers and will lighten the price of Canadian manufacturers upon their home market.

If the manufacturers will accept the problem of sales will diminish the consumer's hardship, will give more employment to workers and will lighten the price of Canadian manufacturers upon their home market.

Consumers, however, must not hasten to conclude that there will be no increase in the price of manufactured goods. While any general advance, aimed at the unaffordable absorption of the 7% per cent. tariff increase, would be disastrous, it is not to be argued that no price should be advanced. Such article must be advanced. Such article must be advanced. Such article must be advanced.

Influence of War
There is, in some quarters, a most serious attempt being made to lay on the recent tariff measure the entire blame for increased prices in spite of the fact that in countries where no tariff increase have been made, prices are rising. According to the "New York Herald," the average wholesale price of twenty-five food commodities, representing a theoretical family food budget, which was 100 in 1914, is 144, now fluctuates around 144.

Disruption to communications, interruption in production, and other allies of war are sending prices of goods up. The tariff increase increases the cost of living. It would be strange if Canada should react the present war. We cannot have it both ways. We cannot profit by war's high prices for what we have to sell and then charge high prices for what we have to buy.

A man out of a job, or only partially employed, is a poor customer. You must prefer, don't you, to deal with customers whom you know are earning good wages in thriving local industries. Their credit is good—they pay their bills.

IF YOU ARE A TRADESMAN Demand of your jobber that he give you "Made-in-Canada" products. Advertise and push merchandise made in Canada. Use "Made-in-Canada" window cards.

Can You Stand Heavier Taxation!

Vote "NO" on July 21st

You now pay a War Tax, an Increment Tax, a Wild-land Tax. You are some Millions of Dollars behind in city taxes

The province has no natural resources to fall back upon. The government must raise its revenue by direct taxation. And You must pay. For the administration of the Liquor Act if it passes; For the loss in revenue brought on by the cancellation of license.

When the city cannot pay, then the farmer must dig up. Urban centers are now over-taxed, and the rural districts carry heavy enough loads.

The Liquor Act does not forbid the consumption of spirits or malt liquors. But it forces you to spend the money outside the province.

Your money will go to enrich adjoining provinces. It will go to build roads, bridges, municipal improvements in Saskatchewan and British Columbia. Not one cent of the money spent on liquor as a beverage in Alberta will revert to the province.

And You must PAY. You are made a partner in the liquor business of Alberta. The medicinal, sacramental, scientific, mechanical consumption of alcohol in Alberta can not legally keep more than three or four government vendors busy. But you will be asked to pay the salaries of scores of detectives, informers and inspectors.

CAN YOU AFFORD IT?
